

REQUEST FOR PROPOSALS FOR PROVISION OF LIT FIBER OPTIC CABLE COMMERCIALIZATION SERVICES

TENDER NUMBER KETRACO/PT/008/2017

Kenya Electricity Transmission Company Limited (KETRACO) is a state corporation whose mandate is to plan, design, operate and maintain high voltage electricity transmission lines and substations. In order to meet its objectives, KETRACO requires an operator to design, supply, install, operate, manage and commercialize its fiber network on a revenue sharing arrangement

In the construction of electricity transmission lines, KETRACO incorporates Optical Ground Wire (OPGW) technology for operations. Excess fiber capacity is to be leased out for telecommunication purposes. KETRACO has completed and commissioned 1,115.5km of transmission lines with 5,000km committed and ongoing. KETRACO plans to construct additional 7,000km of transmission lines in the next five years.

The Company has been granted a Network Facility Provider Tier 2 (NFPT2) license by the Communication Authority of Kenya (CA) to lease excess fiber to licensed operators in Kenya.

The Operator will be required to perform the following:

- 1. Deployment of the network equipment.**
- 2. Provision of Network Operation and Maintenance.**
- 3. Management of the network.**

KETRACO now invites proposals from CA licensed operators to perform the above task.

Tender documents detailing the requirements may be obtained from the office of **Senior Manager, Supply Chain** during working hours from Monday to Friday between 7.30 a.m. and 4.30 p.m. The documents are also available on KETRACO website www.ketraco.co.ke and IFMIS Kenya Suppliers Portal at www.supplier.treasury.go.ke.
